

BUILDING & MAINTENANCE COMMITTEE

This committee works with the church administrator and helps supervise the maintenance of the church buildings to insure that they are suitable for use in a clean, safe, and sanitary condition.

This committee works on projects, tasks and repairs that are needed.

The committee is interested in having additional members that would be willing to assist with handyman type projects.

Contact Steve Thompson at 256-366-6119 or Jonathan Hodges at 256-443-9632 for more information.
